AVAYA IP Office

4600 Series IP Telephones

Overview

These H.323 IP telephones connect directly to your office LAN, simplifying your communications infrastructure. With the 4600 series telephones, remote employees can access the full set of features while working outside the office location.

Capabilities

- The 4600 series IP telephones simplify access to important features with:
 - Up to 10 fixed feature keys: Hold, Conference, Transfer, Drop, Redial, Mute (except 4601), Volume, Speaker, Headset, Voicemail
 - Up to 24 programmable call appearance/feature keys that are electronically labeled (only on display phones)
 - Up to 7 menu/display navigation keys (including 4 that are electronically labeled)
- Embedded applications: speed dial, call log (except 4601 and 4602), web browser/Wireless Markup Language (WML) compliant (4621 and 4625 only)
- Two way speakerphone (except 4601 and 4602)
- Backlit display with 4621 and EU24BL
- Message waiting indicator
- Built-in headset jack (except 4601 and 4602)
- Multiple language support built in: English, French, Italian, Spanish and Katakana
- 8 personalized ring patterns
- G.711, G.729a/B Voice CODECs; QoS Options – UDP Port Selection, DiffServ and 802.1p/q (VLAN)
- Integrated 10/100 BaseT Ethernet port to connect PC to phone
- Optional VPN software for remote worker (4610 and 4620/21 only)
- Hearing aid compatibility
- IP address assignment – DHCP client or statically configured
- Downloadable firmware for future upgrades
- Color backlit screen (4625 only)

Benefits

The 4600 series IP telephones deliver a wide range of productivity boosting features in a device that is easy to use and designed for converged communications environments.

Avaya Advantage

Electronic key labeling eliminates paper bills, simplifying phone administration and management.
